

HNBKS203 Product Data Sheet

PARA-ARAMID SLEEVE American Made

Product Description

- **Made in USA**
- Para-Aramid Seamless Knit
- 20" Length
- Single Ply
- Heavy Weight
- Cut Resistant
- Overedged Both Ends
- Large Size
- Available in Light, Standard, and Heavy Weight

Applications

- For air conditioning, manufacturing, automotive industries, bakeries, ceramic plants, general appliance industries, heating, metal stamping operations and high heat applications.
- Resistant to cuts, tears and abrasion

Packaging

- Sold by Eaches
- 24 ea/bundle. See below for case pack.

Care

- Wash or Dry Clean
- Do not use bleach

TECHNICAL INFORMATION

Aramid fibers are a class of heat-resistant and strong synthetic fibers. They are used in aerospace and military applications, for ballistic-rated body armor fabric and ballistic composites, in bicycle tires, and as an asbestos substitute. The name is a portmanteau of "aromatic polyamide." They are fibers in which the chain molecules are highly oriented along the fiber axis, so the strength of the chemical bond can be exploited.
