TECHNICAL INFORMATION

Safety Footwear

Safety footwear & Protective footwear is footwear that comes with a protective toe cap.

OSHA Requirements

General requirements. The employer shall ensure that each affected employee uses protective footwear when working in areas where there is a danger of foot injuries due to falling or rolling objects, or objects piercing the sole, and where such employee's feet are exposed to electrical hazards.

Reference OSHA Standard 1910.136 Foot Protection for specific requirements regarding toe cap and sole requirements
