Product Data Sheet PALM COATED

Next Generation

Product Description

- 18 Gauge Gray Nylon Shell
- PVC Coating on Palm
- Water and Oil Repellent Coating
- Terry Lining
- EN 388 Abrasion Level 3
- EN 388 Cut Level 2
- Secure Knit Wrist
- Sizes S-XL
- Import

Applications

Protects hands while providing increased grip and finger sensitivity. For cold weather work environments. Applications may include automotive work, aerospace, oil industry, gas industry, mechanical work, construction, plumbing, fishing, warehouse, and more.

The Textured Fingers and Palm increase grip.

Packaging

- Sold by DZ (See below for case pack)

Care

Launder in Warm Water

TECHNICAL INFORMATION

PALM COATED

Knitted Wrist with PVC coating on outer nylon lining palm, front & back of the fingers/thumb (Palm Dip) including the knuckles (Knuckle Dip) and Full Dip with an insert of Terry lining. Cold resistant and exhibits extreme cold flexibility. Highly comfortable in cold applications.

Tough flexible PVC Sponge Touch finish coating using special technology that provides outstanding grip in the dry, wet, & oily conditions. High dexterity in dry and wet applications. Heavy weight with non-slip surface. Seamless outer nylon liner allows to breathe and produces minimal lint.

Acti-fresh or Sanitized treated to provide some protection against organisms which give rise to bad odor and cross infection. Not recommended for liquid chemicals. In accordance with the EU Council directives on protective equipment; EN 420:2003, EN 388:2003 & EN 511:2006 respectively.
