

UNSUPPORTED

Product Description

- Black Natural Rubber
- Crinkle Finish Palm
- Rolled Cuff
- 40 mil
- Gauntlet Cuff 14"
- Size 11
- Import

Applications

See Chemical Resistance Chart for specific resistance.

Heavy coating protects against acids, bases, alcohols, and oils.

For Chemical, Construction, Fishing, Mining, Oil and Gas Drilling, Janitorial, Automotive, Farming, and other uses.

Packaging

- Sold by Dozens

Care

Wipe off and rinse with cool water.

Sizes and Packaging

| | Men's |

| Case (in.)LWH | 15 x 11.5 x 19 |
| Cubic Ft. | 1.9 |
| Weight (Lb.) | 45.6 |

TECHNICAL INFORMATION

Natural Rubber

Natural rubber is used extensively in many applications and products, either alone or in combination with other materials. In most of its useful forms, it has a large stretch ratio and high resilience, and is extremely waterproof.

Natural rubber, also called **India rubber** or **caoutchouc**, as initially produced, consists of polymers of the organic compound isoprene, with minor impurities of other organic compounds, plus water.

Rubber begins to melt at approximately 180 °C (356 °F).
