

Product Description

- Polypropylene Spun Bond Cap
- White Color, 24"
- Elastic Comfort Fit
- Protects and keeps hair in place
- Protects for clean room environment
- Import

Applications

For Food Processing, Manufacturing, Furniture Manufacturing, Baking, Ceramics Production, Glass Bottling, Finishing Work, Janitorial, and more.

Packaging

- Sold by Bag (See below for case pack)

Care

Wipe Off or Rinse with Soap. Disposable.

TECHNICAL INFORMATION

Polypropylene Cap

Polypropylene is normally tough and flexible, especially when copolymerized with ethylene. This allows polypropylene to be used as an engineering plastic, competing with materials such as acrylonitrile butadiene styrene (ABS). Polypropylene is reasonably economical. Polypropylene has good resistance to fatigue.

Sizes and Packaging

Size	100 Per Bag
Pack (Bag)	5 bags/case
Case (in.)LWH	11 x 11 x 17
Cubic Ft.	.49
Weight (Lb.)	3.8
