

IKBLPDG

Product Data Sheet

LATEX PALM COAT

Product Description

- Made in China
- Textured Blue Latex Palm Coating
- Abrasion Resistant Palm
- Poly/Cotton Knit
- Sizes S-XL

Applications

Common applications for supported latex rubber gloves include: construction, fishing, masonry, painting, sheet metal industry, wood working, handling of sharp-edged materials such as glass or metal or highly abrasive items such as concrete blocks or lumber.

Packaging

- Sold by Dozens
- 12 Dz/case. See below for case pack.

Care

- Launder in warm water, use no bleach, air dry

TECHNICAL INFORMATION

Palm Coated gloves allow the glove to breath keeping the hand cooler than a full coating.

Latex has very high elasticity and outstanding grip compared to other glove materials, and withstands extreme temperature and tear resistance.

Note

Some people have a serious latex allergy, and exposure to certain natural latex rubber products such as latex gloves can cause anaphylactic shock.
