

### HEAVY WEIGHT QUILTED KEVLAR® TERRY GLOVE WITH NOMEX® LINING AND LONG 4" BAND CUFF

- Dupont Kevlar® fiber provides high tensile strength relative to its weight, is inherently cut resistant and will not melt, ignite or conduct electricity
- Dupont Nomex® is an inherently flame-resistant, high-temperature resistant fiber that will not melt, drip, or support combustion in air.
- Loop-out terry design helps protect against intermittent contact with hot surfaces and also provides improved cut resistance, oil absorption and glove life
- Band cuff helps protect wrist area and allows for easy on and off
- Washable, increasing the life of the sleeve and reducing replacement costs

### APPLICATIONS

- Foundry Operations
- Welding
- Metal Stamping
- Plastic Molding
- Glass Cutting
- Ceramic Plants
- General High Heat Applications

### CARE INSTRUCTIONS

- Recommend washing sleeves in warm water with detergent
- 5-10 minute cycle time
- Rinse well and spin at high speed
- Tumble dry on medium heat setting
- Can be dry cleaned
- DO NOT BLEACH

### TECHNICAL DATA

- Material: Kevlar® Shell / Nomex® Lining
- Construction: Quilted Terry Knit, Cut and Sewn
- Color: Yellow
- Cuff Style: Extended Length Band Cuff
- Size: M - XL
- Packaging: Sold by the Pair / 36 Pairs per Case
- COO: Made in the USA

### PERFORMANCE PROPERTIES

ASTM F2992-15 ANSI Cut Level A6

Inherently Flame Retardant

**Kevlar.**

 **WARNING:** This product contains a chemical known to the State of California to cause cancer.
